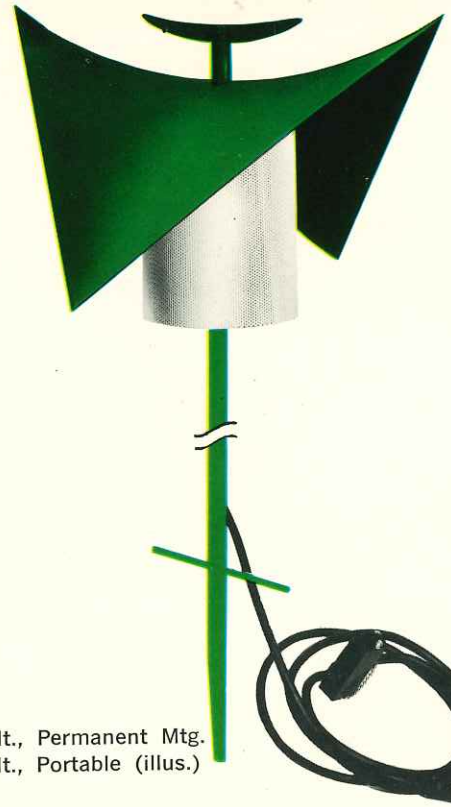
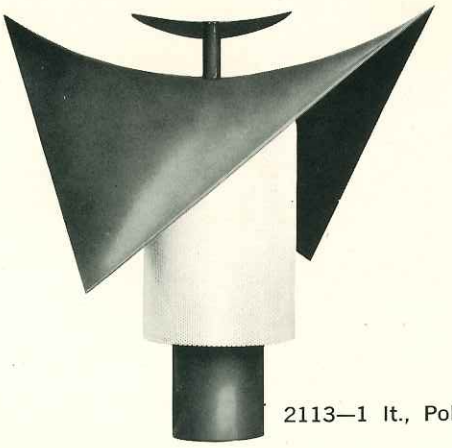
Lighting for Outdoor Living

Silvray Lighting, Inc., 100 West Main St., Bound Brook, New Jersey

SILVRAY

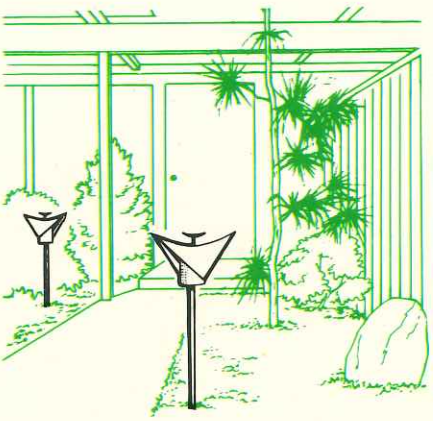


2109—1 lt., Permanent Mtg.
2110—1 lt., Portable (illus.)

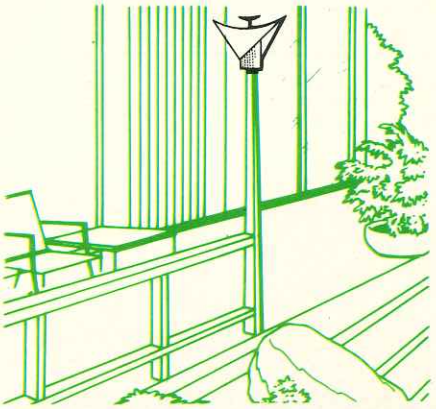


2113—1 lt., Pole Mtg.

SADDLE SERIES



2111—2 lt., Permanent Mtg.
2112—2 lt., Portable (illus.)



Dramatic in appearance, contemporary in styling, Saddle Series is unusual by day or evening when accenting driveways, shrubbery and pathways. These devices send low brightness illumination over a wide area. For a broad range of commercial and residential applications.

Saddle Series units are of weatherproof aluminum and fiberglas. Lamps are shielded by webbed, perforated aluminum. Permanent, portable or post top mountings, in one or two lamp sizes. Finish is black, green, gold or white.

2109—Wired for permanent mounting. Overall height 29". Hood width 18". For 1-75 watt, A-19 lamp. Finish: Black, Green or Gold.

2110—Portable version of 2109 with 6' cord and plug. Cord set contains two outlets for adding additional units.

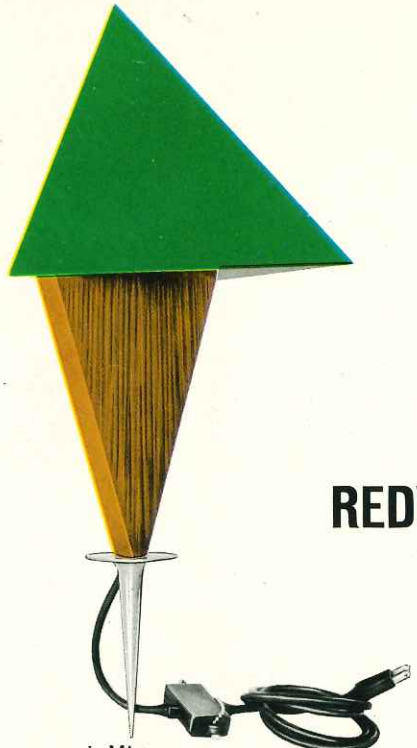
2111—Wired for permanent mounting. Overall height 24½". Hood width 18". For 2-40 watt, A-19 lamps. Finish: Black, Green or Gold.

2112—Portable version of 2111 with 6' cord and plug. Cord set contains two outlets for adding additional units.

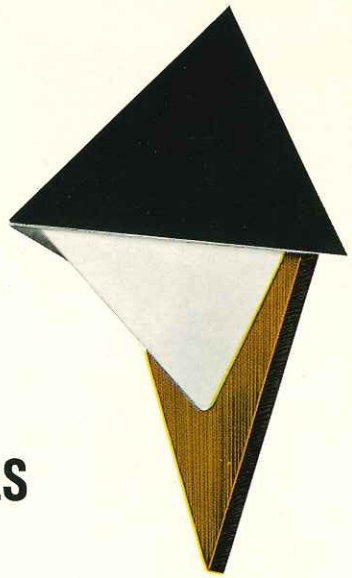
2113—For permanent mounting on post with outside diameter of 3". Overall height 15". Hood width 18". For 1-100 watt, A-19 lamp. Finish: Black, White or Gold.

NOTE: All portable units are available with 3 wire cord set. To order, use suffix, "3 wire" after catalog number.

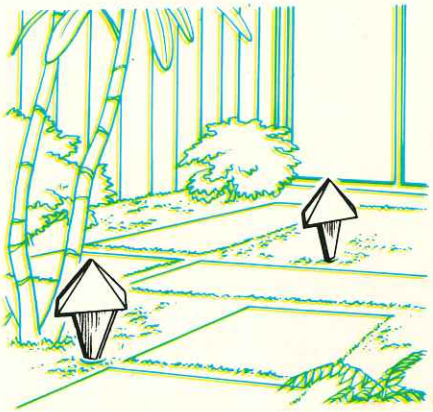
REDWOOD SERIES



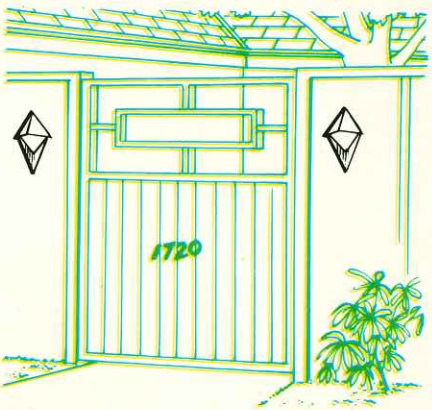
2100—1 lt., Permanent Mtg.
2101—1 lt., Portable (illus.)



2104—1 lt., Wall Bracket



2102—2 lt., Permanent Mtg.
2103—2 lt., Portable (illus.)



Simply styled to blend with redwood outdoor furniture or building exteriors, these unusual Silvray innovations are accented with black, green, gold or white aluminum hoods.

The crisply styled units, permanent or portable versions, are at home near paths or driveways, and among shrubbery in countless commercial and residential locations. The wall bracket, with its plexiglas diffuser, shielding the light source, is an exciting complement to the entrance of a contemporary building. Its styling also fits many interior applications.

2100—Wired for permanent mounting. Overall height 18". Hood width 10¼". For 1-75 watt, A-19 lamp. Finish: Black, Green or Gold, and Redwood.

2101—Portable version of 2100 with 6' cord and plug. Cord set contains two outlets for adding additional units.

2102—Wired for permanent mounting. Overall height 18". Hood width 10¼". For 2-75 watt, A-19 lamps. Finish: Black, Green or Gold, and Redwood.

2103—Portable version of 2102 with 6' cord and plug. Cord set contains two outlets for adding additional units.

2104—Wall bracket version of 2100. Overall height 18¾". Hood width 10¼", projection 9". For 1-75 watt, A-19 lamp. Snap in acrylic diffuser. Finish: Black, White or Gold, and Redwood.

NOTE: All portable units are available with 3 wire cord set. To order, use suffix, "3 wire" after catalog number.

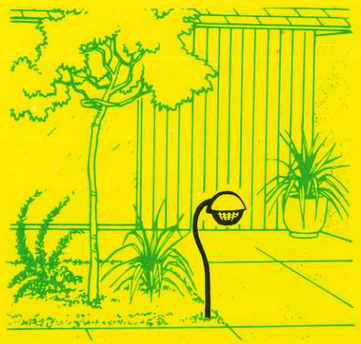
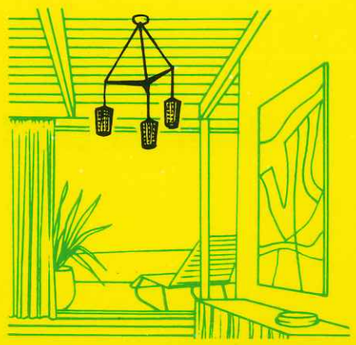
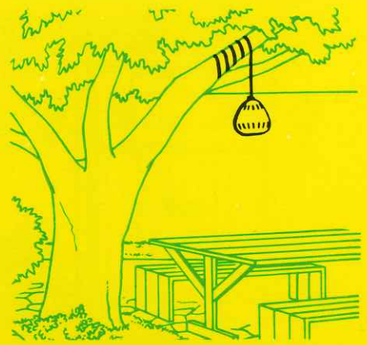
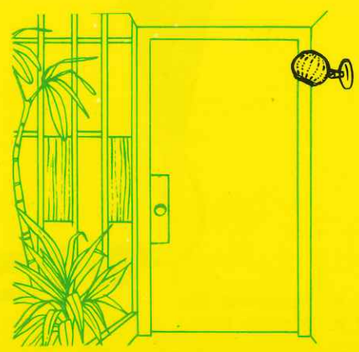
2160—1 lt., Ellipse

CERAMIC SERIES









Silvray's new Ceramic Series offers the designer an exciting new group of outdoor lighting sources. Colorful by day and sparkling by night, its festive appearance is unmatchable in any other material.

Custom-crafted in four simple shapes—Wrenhouse, Cylinder, Round and Ellipse—Silvray's exciting series of ceramic units offers rich but subdued color combinations of black and honey, black and green or bone white. The high-fired finish insures lasting color and complete weatherproofing for outdoor application. Unique flexibility permits a variety of mounting methods for indoor as well as outdoor locations: pendants for patios or dining areas; drop mounting for portable area lighting from trees or patios; wall brackets for exterior or interior use; permanent or portable stake units for path or shrubbery lighting.

MOUNTING DESCRIPTIONS

Stake—Aluminum, ⅝" overall diameter. Permanent mounting overall height 29".

Portable Mounting—With 6' cord and plug. Cord set contains two outlets for adding additional units. Overall height 29".

Drop—With rubber coated cord set and plug. 15' overall length.

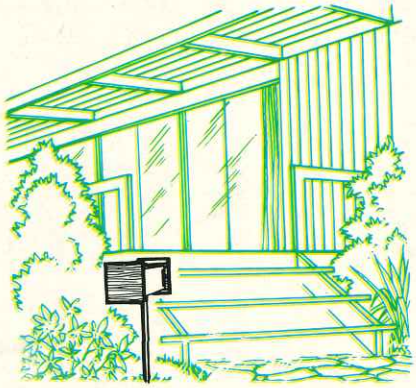
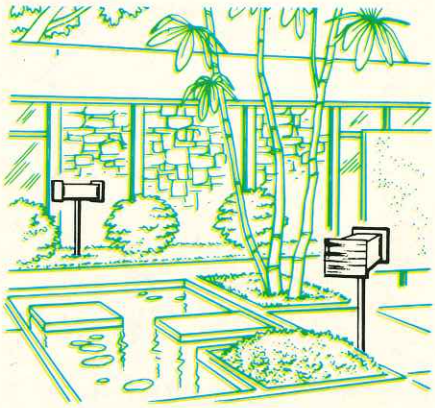
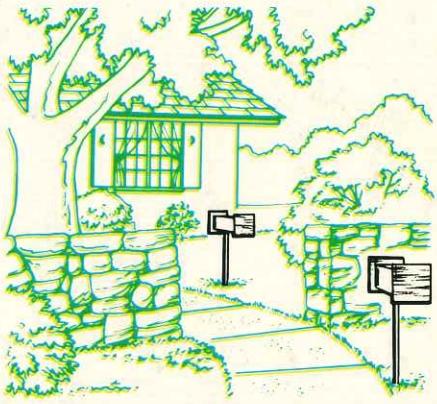
RETURN TO DESIGN DIV







FLOATING ENDS

PATENT OFFICE
MAY 8 1964
DIVISIONS 81 & 82

Subtle by day—with its simple weatherproof redwood and aluminum form, richly accented with black, green or gold color tones—this Silvray creation dramatically comes to life after dark. Illumination is directed down to the ground as well as to the inside of the redwood panels, creating an intriguing floating end effect.

Two lamps assure safety of lighting. For permanent or portable use near paths or among shrubbery.

2107—Wired for permanent mounting. Overall height 23¼", end panels width 8½", fixture length 13". For 2-40 watt, A-19 lamps. Finish: Black, Green or Gold, and Redwood.

2108—Portable version of 2107 with 6' cord and plug. Cord set contains two outlets for adding additional units.

All portable units are available with 3 wire cord set. To order, use suffix. "3 wire" after catalog number.

Design: David and Aivi Specter
